Charles D. Romsson, Secretary of State.

Per John W. Hunt, Deputy. Attack on Mr. Grentich.

The Mossof yesterday, in publishing the officia carvast of the County, improves the opportunity in make a characteristic attack upon Mr. A. Grevettes; the Scorr candidate for Senator in the Fifth Destrict in opposition to Mr. Huster. We quite à parterain :

Mr. Hunter's majority for Senator is 727 and his some in highly gratifying, as he ran against a candidate for whose success the strongest and most disceptiable efforts were put forth. The Senatural channed Mr. Greutlich as a "Scott Democrat," though se doubt whether he has toted a democratic dicket for years. At any rate, his meagrative shows the enfunction in which "Scott democrate" are held in the County, and carries with it a moral and a warning. First as to the vote. Picace's majority in the

District is 916 and Huxten's 727; proving that Mr. Genurica run handsonnely ahead of his party. strength, and showing, very actinfactority, "the simution" in which he is held in the county. Next as to the "efforts" made to elect him. They were, indeed, sernest: for they were put forth in behalf of a candidate who deserved the hearty and mile mentic support of every well-wisher of Milwhether. As for being "disreputable," we can only say that they contrasted in every respect most advantageously with the means, influences and instruments used to defeat him.

Time was that the party leaders and presse

in this city were very sweet upon Mr. Grzonicii, and couldn't say too much in praise of the maand in admiration of his stannels, democratic, principles. But when he assumes the right to think, speak and act for himself, and that, discov seing the rotten character, false pretences and vil binous practices of bogus Democracy, he eschewi it as foul, corrupt and unworthy, the News and all of its kidney turn a short corner, and are now a isvist, of their abuse as they were formerly proligal of their praise. Such is precisely the measand extent of their regard for Adopted Citizone. So long as they consent to be "hewers of water" to these Demagogues Pertifuggers and Place-hunters, they are treated to any amount of "blarney." But the instant they venture to set up for themselves, Democracy wax-es wheth and indiginant, and, lumches the fiercest improvations at the heads of its former idols.

The Morning News distinguished itself, during the recent canvass, by giving currency to every vile assault and reckless libel upon Gen. Scorr that it could sack up nmong the garbage in its Democratic exchanges. It aspires to maintain this "had cusineace" and abundantly proves its claim to the position by uttering the following infamous slander, in its yesterday's issue, upon the Whig party of the United States:

The Whity party is a party of trailors. They energy get defended the Country in time of war. They move will. They prefer to side with the enemy in time of war, and most basely to tracke to "England powers" at all times. They do not bodily disert, only because they can be of more service to the eventy by remaining at home.

A fouler falsehood, or grosser libel was never pented. The print that deliberately indulges in ruch wanton and scandalous defamation of; onehalf of the American People-that cannot even plead the excitement of election to pulliste its inmous small-must be an object of universal seem with Whigs, and of just and general indigna tion among all true-hearted Democrats.

# Paralaht Tickets--- The Way.

We have been told that there were one hundre and twenty Germans who voted at this poll on Tuesday last. They voted the "Straight Democratic Ticket." To secure this, tickets for Touse on that day were printed on red paper, and he who did not vote a red licket was charged with not being true, hence the "red ticket!" was exten-cively used.— Oshkosh Democrat... In this city the, "straight Democratic ticket

was printed in blan ink, with a peculiar heading specially out for the occasion. It was designed a a check against "bolting" or "scratching"; and all who did not vote the "true blue" ticket were suspected. In this way the party leaders man aged to keep a good many in the traces, although in so doing, the spirit and intent of the law, proriding for the vote by ballot, was deliberately vio

The vote in favor of the Banking Law is a impe as to be nearly unanimous, the whig tow of Lake making the only show of opposition.— Marning News.

The "Democracy" in this quarter of the State have pretty much all "come down" on the Ban "Anti-Bank" used to be one of the party catch-words, but is now quietly abandoned They could only muster 73 votes in all this coun ty against the Law, and of these, 25 were cast i Whig town of Lake," which, in spite of this democratic" opposition, gave 134 majority in

Two Extres Alberty For "Fifty-Six." The Free Soilers have already nominated Jour P. HALE as their candidate for the Presidency in 1e56. The Boston Times (dem.) at the closea giorification article about the recent canvass, cays :- " Eight years for FRANKLIN PIERCE, an Better try him on a while first. Perhaps the party and the country will be as glad to get rid of him, as they were of his produceson and prototype, J. K. Polk.

And now that the Morning News comes out as declares that the election has driven the nail in the coffin of Protection, the Sentinel cries out—We've been sold—we should'ne have roted for Wells, had We supposed the party would do no it always has done. - Free Democrat.

Of course, the Scatinel has never said, or intimated mything of the sort. What lie will the " Black Swan organ" try next ?

The Wisconsin lugubriously complains that we have "turned upon it" with our "utmost wrath." All that we have done has been to publish in our columns the life-like portrait of the " Duily Booby" as painted for the Kenosha Telegraph. And the Wisconsin construes this "favormanner of means. We thought it rather a flatter-

OSHZOSH DEMOCRAT.—This paper which, during the recent canvass, supported Pience and kise, has now declared for the "Independent Democracy" (Free Soilers) as opposed to the "Compromise Democracy," or Old Hunkers.— Mr. C. J. ALLENhas become associated with Messis Branspe & Densmore, in the ownership and management of the paper. The Oshkosh Democrat Las always been conducted with decided ability, and generally with great fairness. We hope it will succeed still better in its "independent," then it did in its party career.

A Nover Excursion—Corpets have riser upparently—not in price that we know of—but itself from the floors which they used to cover, to envelope the persons of the rapid youth of the metropolis. On the next turn of the river, we found Case, wringing his hands in agony at the desertion of Lis friends. With his containd hat off, he was exclaiming and the flee roise and condusion? of the surfaround him, in the words of the Captive Knight: of a vecilerous partern, or settled plant deed plant, in the first parter is glish say. Palmyra. The Banner Town.—We think that the town of Palmyra, in this country, is justly entitled to the proud distinction of being the banner town in Wisconsin. Of the 253 votes cast there at the late election, nearly three fourths were given to Scott, he having received 146, Hale 49, and Pierce 40. On the country ticket the town did still better, the vote for the Whig bandidates ranging from 172 to 199, the latter vote having been given to one of her citizens. Mr. Sainner, for district attorney. But the vote for member of Assembly astonishes us. Mr Powers, also a citizen of the town, having received 223 votes to his Locofoco opponents 53! Loss of the St. Louis.—We regret to learn that the steamboat St. Louis, which had been recently purchased from the Messrs. Wand, by Capt. Petry and Capt. Hopkins, while on her way from this port to Claveland, Saturday lass, ran on a reef of rocks, five unless nottheast of Kelley's Island, where she sunk in about 12 feet water.—5 She had on board a lot of cattle and \$50 bblm, of flour for Whitcomb. Hatch & Co., and 500 barreis of flour for Bridge & Lewis. Messrs. Whitcomb & Co., were insured in the Buildle Mattal Insurance Company, and Bridge & Lewis in a New York Co. Fremington, all mail!— Very unexpectedly to us, the town of Farmington has given a majority of 32 for General Scott, as also uniformly for the Whig cardylates for congress, sherid, register, treasurer, clerk of the board, servey or and cotoner. Heretofors the town has been considered as reliable for a Locoficte majority of 40 or 50.—For the parent result, we are mainly indebted to our Genman fellow-divisers of that town. Again we say, all hall, Farmington!— Watertown Coopinate.

Vermon.—Hon. Alvah Sabine, Whig, has without doubt been elected to Congress from the Nerhern Districtfof Vermont, by a large plurality.—At the September trial he failed of an election by want of a majority, having a plurality of some filbeen handred over his highest opponents. Light has dawned upon Washington connecty, the Gibrahar of Locofocoism in this state—Last fall that county gave 1240 majority for Upham: now, the majority for Pierce will not probably exceed 300. The town of Eelgion, for instance, then gave Upham 103 votes, and Fawelinone: now it gives Scott 203 votes, and Fierce 201. Three cheers for the county, and nine for Eelgium!—Watertown Chronicle.
